Please find your invitation to our 2022 Ram Sale

Again this year we have been blessed with good rainfall to give us the potential of another good season.

Both drafts of rams are again showing their genetic potential and we are truly pleased with them.

Again our wool test from the May shearing are very pleasing and the Stockscan results from the July testing for both breeds are exceptional.

We have continued to purchase, very carefully, new stud sires and being aware of their pedigrees, are very confident that they will add further to our wool quality whilst retaining the dual purpose traits we are known for in our Poll Stud.

With this years drop of lambs showing continued improvement, this is a true testament to the direction we are taking with our breeding program.

We believe the new White Suffolk sires that have been added to our own sire battery, have continued to maintain the quality of our stud while giving us new genetics.

The confidence of the White Suffolk quality lead us to increase our offering in the sale to 120, with a total clearance last year we will be offering the same number this year. Again giving our clients greater selection and availability to our White Suffolk Rams.

No doubt we are all very pleased with the excellent lamb and mutton prices people are receiving this year, and we believe with world demand this will continue.

We look forward to welcoming our established and potential new clients to our 35th Poll Merino & 19th White Suffolk Sale on Friday 9th September.

Look forward to seeing you all, to celebrate our special celebration of 35 years of auctions at Almondvale

Kind Regards Peter, Paul and Family
