**ALMONDVALE**  
**POLL -WHITE SUFFOLK STUDS**  
**Welcome to our 2019 Sale- Our 32<sup>ND</sup>**

There is no doubt we have been through a very trying time with the lack of good timely rainfall presenting us with big challenges.

Thankfully the sheep and wool industry has continued to remain in a very buoyant state and has been able to give us a reliable income when cropping has been “on the nose”.

The lamb market has hit record rates this year and the mutton market had followed the same pattern with extreme rates paid for our C.F.A. ewes.

The overseas demand for our meat had been very exciting and with relatively low numbers available we believe this will continue.

Thank goodness we are breeding a DUAL PURPOSE sheep to capture both wool and meat returns.

We will not be changing our breeding programme, only to fine tune our wool quality even more and be ever vigilant on our body weights and carcase quality.

The White Suffolks are also continuing along very well with great scanning results to complement their visual appearance.

Thankyou all for your continued support.

Breeding and presenting a good product is our  
passion.
