Future is to Create It”**

ALMONDVALE

POLL -WHITE SUFFOLK STUDS

Welcome to our 2020 Sale- Our 33RD

This year will go down in history, for a number of reasons-
both good and bad.

The worldwide COVID19 pandemic is obviously the bad one,
and makes us thankful to be away from the city areas and
hotspots for potential infection.

The best part this year, is the really wonderful season we are
lucky to be part of.

This years draft of sale rams have truly benefited from the
bountiful pasture growth, which started with 4 inches of rain
in March and then continued on. The rams, both Polls and
White Suffolks, were scanned in late July, with outstanding
figures.

The Poll rams returned eye muscle figures of up to 46mm,
which is exceptional.

We are obviously very pleased to get the results to prove that
our Polls rams are continuing to maintain great dual purpose
traits, also being great wool sheep. Our White Suffolks are
right up there in the growth rates and meat production as
usual.

Paul has always believed in and used Stockscan figures, he
has recently been nominated, and accepted the position of
Chairman of Stockscan Australian Services. This together
with being President of the NSW White Suffolk Breeders
Group, as well as a Committee Member on the Federal Board
of the White Suffolk Association, helps to keep him very busy
and up to date with all facets of the sheep industry.

We continue to thank you for your support and rest assured,
we will always be doing our best for you all.

“ALMONDVALE”

Specially Selected Rams

Poll Rams 13-15 months old
Average Fibre Diameter 20.56 micron
Shorn May 2020
Average Body Weight 99.5 kgs
STOCKSCANNED 23rd July 2020
